Moneyline Dart Throw	\$30	+490	Loss	-\$30.00
Total	\$570			-\$351.90

Return on Investment (ROI) **-61.74%**

The analysis pointed to a strong lean on underdogs, which did not pan out in Week 6's afternoon slate. The "Best Bet" on the Bengals covering a large spread was a winner, as was the under in the low-scoring Titans-Raiders matchup and the prop bet on Baker Mayfield's passing yards. However, the rest of the board was a sea of red, with all moneyline, the majority of spread, and all but one prop and all parlay bets resulting in losses. This led to a significant negative ROI of -61.74% on the \$570 staked.
